Uses To Cause The Bodily

October 8th, 2010

Avoids abusing well falls in the small medicine kit's antibiotic clear Abuses not only the antibiotic who takes a drug, who to give an injection, who to suffer injury question. Even if and the family members as far as possible avoid using the antibiotic, also cannot not be able to guarantee into the antibiotic abuses victim. Many people have a custom, got sick has independently decided to take a drug first, in the family small medicine kit had many antibiotics in any case.

The expert appealed that the expensive good antibiotic also has the harm again, uses to cause the bodily bacteria colony very easily at will to lose, should better in the small medicine kit's antibiotic clean up the family in; If must eat the antibiotic, certainly must obey the doctor's advice to take in proper amount on time, do not feel some have not eaten, in order to avoid the body has the drug resistance, finally causes without the medicine to be possible the medicine. (practice edition: Chen Zhenhan).

Has Made A Deep Breathing Subconsciously Early

October 8th, 2010

In this north welcomes the holiday in the atmosphere, sits nearby the stove, tells the relaxed story. This is a process friend the authorization his love story. The flower-scented green tea concentration is as follows: Must travel on official business! The young male angle draws back from the office, has made a deep breathing subconsciously. Early spring, south the small town, everywhere was already the beautiful spring day, but is not very warm, but also has a chill in the air. Dusk, the male angle is walking slowly and aimlessly in this strange beautiful small town the measured steps, flaneries. The time as if crosses very slowly is very slow, he a little desolate a little is agitated. Front by now glimpsed the corner to have a small bookstore, male angle eye one bright, thought that reads reads the newspaper may wear down the time.

The Preparation Passes A Narrow

October 7th, 2010

The celebrity crecent moon on March 10 drives away German handkerchief this fort the Meyer Shipyard, the preparation passes a narrow sluice This beam the approximately 36.88 meters colossi pass through the narrow sluice smoothly Because the river water is not deep, to guarantee that the celebrity crecent moon passes through the river course smoothly, engineer still needs to monitor the Moon position and the tide condition strictly Periphery the performance maiden voyage

the celebrity crescent moon lets the building pale by comparison According to Daily Mail reported that the luxurious mail ship the celebrity crescent moon (Celebrity Eclipse) on March 10 drives away German handkerchief this for the Meyer Shipyard to perform the maiden voyage. Because the river course is narrow, narrowest place is apart from hull both sides insufficient one meter, therefore, when this colossus passes through smoothly, the people are unable to restrain to jump for joy.

the celebrity crescent moon captain 1040 feet (are approximately equal to 317 meters), the weight 122,000 tons, always give the human by its huge stature by the visual impact. Therefore, at the same day it when drives away the Meyer Shipyard, can only in narrow river course going through, seem is really has loses the status.

Nonchalant Bumps To Others

October 6th, 2010

Nonchalant bumps to others touches, Jason has the instinct repugnance, even is loathes, therefore he very little rides the subway and so on public transport means that but has hired a belt vehicle driver. He said: closes the vehicle door, some feeling which is separated from with the world, the temperature, the humidity, the breath are belong own, has nothing to do with others.

Psycho-analysis: When masculine wants monopoly with the narcissistic suspension hook, he will hold the behavior to display intensely, even morbid state.

The rejection social interaction, the self-closing also therefore become one kind of instinct. Because only has in the individual world, the masculine self-respect can obtain greatest degree satisfying.

I Had Not Thought We Can Make

Lampard thought that he is also very lucky, in the Chelsea formidable troop, he had found the appropriate position like this continuously, he expressed that so long as he can attend the competition, then he invests certainly the complete energy into the athletic field, enjoys competition's pleasure. Lampard when accepts the Chelsea television station interview indicated: when I ally Chelsea, I had not thought we can make today such progress, particularly we have now become a so splendid team. my growth experience looks like my father, he in the past and Harris as well as Hollins in the identical school, they hoped that attends each competition. I like the rhythm which this kind of each week can play soccer. I do not like remaining on the scene, but cannot play soccer, I do not like excessively many rests.

I thought that I was very lucky I to run into very good commander in chief, and we were together are very harmonious, was he allows my orderly each week to attend the competition. sometimes they choose for me, enables me to be possible when the match choose the rest not to go on stage, but I will not always choose like this, even if I will be somewhat exhausted, but I will still say that I will feel am very good, go on stage am not a problem.
